Help your child improve their times tables! Will your child help their class win a pizza and salad lunch?

Dear Parents and Carers

I am delighted to announce that we are taking part in an exciting online times tables tournament with other local schools.

The tournament runs from 2 March – 2 April and is taking place on the TTRockStars (TTRS) website. This is the website that children in years 2-5 use to complete their weekly times tables homework. A reminder that it can be accessed online via <https://play.ttrockstars.com/login/35511> . Children already have their username and password but please see your class teacher if you need a reminder.

Also as a reminder, TTRS can either be played online or by downloading the TTRockStars App from any of the device specific app stores including:

Who are we competing against?

We are competing against Springdale First School, Hamworthy Juniors and Upton Juniors.

What are the rules?

Only points from times tables games completed between 15.30 and 20.00 will count towards a school's tournament points. Other than that – the children should just log in and play like they usually do.

How will we win the tournament?

The winning school will be the school with the highest average number of correct answers per pupil during the tournament period. At Lytchett, we will also be rewarding the class with the highest average score per pupil by treating them to a special pizza, salad and fruit lunch. In addition, there will be certificates for the Most Valuable Players (MVPs), stickers galore, and fabulous TTRS pens for the players who contribute the most to their class.

How can you help?

Please encourage your child to not only complete their homework but to also carry on regularly playing on TTRS throughout the week. Remember, points only count towards their tournament score between 15.30 and 20.00. This time restriction applies Monday-Friday and also currently at the weekend. We are trying to remove the weekend time restriction and will update you if we are able to change it.

Thank you for your support and I am positive this tournament will help every child improve their times tables and become a *Times Table Rock Star!* Please just ask if you have any questions.

Best regards

Mr. Long
